Our unique color, variegation and wood texture vary from board to board, creating a random blended effect just like a real wood installation.

No work required.

Deck Lok invites you to relax and enjoy your corner of the great outdoors.

With our all-vinyl construction, there's no staining, painting or sealing needed to prevent weathering. Instead, you'll relish the unending beauty of a deck that won't splinter, discolor or split as the years roll by.

Your time is precious ... and Deck Lok allows you to savor every moment.

The beauty is in the details.

- A random, variegated texture and coloring, unique to each board, that resembles fine wood grain.
- A non-slip surface for added safety.
- 100% virgin vinyl that won't splinter.

These are just a few of the unique details that will make your outdoor space extraordinary.

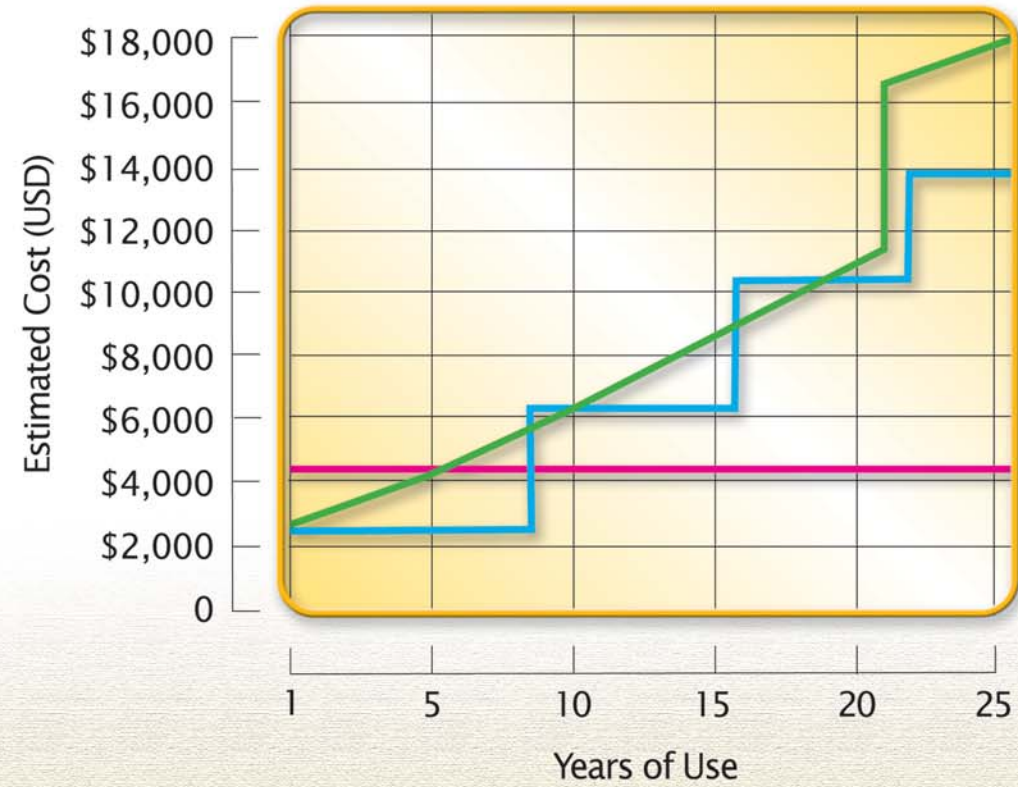

The perfect finishing touch.

Our wide selection of durable, care-free maintenance railings and columns will complement your Deck Lok™ space beautifully.

The real value of Deck Lok.™
